Burner

Express Titan' burner set

- Burner set with a 20-meter hose and a 4-bar pressure regulator.
- Two torches with different power ratings (54 and 150 kW) and lengths can be attached to the handle with swivel attachment.
- The dual-action handle allows for both normal trigger-controlled operation of the work flame and adjustment of continuous work flame.
- An adjustable burner head allows to work ergonomically in a wanted working position.
